

# FORWARD CITIES

Save the Date! 2020 Forward Cities National Conference

June 10 - 12 | Columbus, OH

Bringing together more than 250 leaders from over 40 cities, the Forward Cities 2020 National Conference **E3 Community Trust In Action: Accelerating Equitable Entrepreneurial Ecosystems through Connection and Collaboration** will be the premier event to connect with fellow ecosystem builders, entrepreneurial support organizations, local government, funders, and other stakeholders from across the U.S. Going beyond traditional networking and learning opportunities, join us for a meaningful and productive forum for new ideas, collaboration, and shared discovery around the new model for entrepreneurial ecosystem building, through an equity lens.

Each session is curated to provoke and provide practical ideas to advance inclusive innovation in your community. Guided tours provide opportunities to see cutting-edge ideas in action throughout Columbus and surrounding Franklin County. Entertaining parties in relaxed settings nurture meaningful connections and conversation.
