1. 26th UN Climate Change Conference of the Parties (COP26), Glasgow, 10.31.21 – 11.12.21
2. A Conversation with the Blue Green Alliance’s Jason Walsh
3. A 'fairly simple' breakthrough makes accessing stored hydrogen more efficient
4. A Reminder of the Sources of GHGs
5. AIF Florida Water Forum 2021
6. Benefits of Trees
7. Bloomberg Carbon Clock, CO2 monthly readings
8. Clean Energy Breakthrough: Making Hydrogen Is Hard, but Researchers Just Solved a Major Hurdle
9. Climate Change: Global Sea Level, 4.19.22.
10. Clock is running on our reliance on vegetation as a steady 'carbon sink'
11. Critical Rare Earth Elements [CREEs]...from Rare Elements Resources.
12. Developing large-scale urban tree canopy initiative
13. Earth's Cryosphere is Vital for Everyone. Here's How NASA Keeps Track of its Changes
14. Edible Education Experience
15. Electricity Explained
16. EPA Climate Adaptation Action Plan 2021
17. Executive Order on Tackling the Climate Crisis at Home and Abroad | The White House
18. FY 2013-2026 EPA Strategic Plan, draft
19. Glasgow Climate Change Conference
20. globalwarmingindex.org on Mon, 22 Mar 2021 19:34:04 GMT
21. Good readings for getting up to speed on methane
22. Heat Island Effect
23. Hydrogen, The Forgotten Energy Source
24. Hydrogen Brings New Hope to an Old Industry Titan
25. Hydrogen Fueling for Big Rigs
26. Increase in marine heat waves threatens coastal habitats
27. Is Recycling in Florida a Waste?
28. Lithium discussed...from The South China Morning Post, The Wall Street Journal and The Economist.
29. Measuring Sea Level
30. Milne Ice Shelf: Satellites capture Arctic ice split
31. National Climate Report
32. Nehrling Gardens, Orlando FL

Index of Climate Change Articles [2021-present].

33. NOAA's "2020 Arctic Report Card"
34. Oil Lobby Backs Climate Action Plan
35. Pittsburgh's climate friendly plan for condemned homes
36. Plant trees with Purpose
37. Readings about Small Modular [Nuclear] Reactors, SMRs:
 - a. *An Essential Component of a Comprehensive Energy Program*
 - b. *Advanced Small Modular Reactors (SMRs)*
 - c. *First U.S. Small Nuclear Reactor Design Is Approved*
 - d. *Management of Spent Fuel from Nuclear Power Reactors, France's Efficiency in the Nuclear Fuel Cycle: What Can 'Oui' Learn?*
 - e. *Safety of Nuclear Power Reactors*
 - f. *Small modular reactors, From Wikipedia,*
 - g. *Small Modular Reactors: A Challenge for Spent Fuel Management?*
 - h. *The SMR programme, Rolls Royce*
 - i. *Towards a different future: Small Modular Reactors*
 - j. *What are the safest and cleanest sources of energy?*
 - k. *What role for small modular nuclear reactors in combating climate change?*
38. **Reminder: The Sources of GHGs and Sources of Energy for Electricity**
39. **Russia in the Arctic**
40. **Small City Climate Action Plans**
41. **SolSmart**, a national designation to recognize communities that have taken key steps to address local barriers to solar energy and foster the growth of mature local solar markets
42. **Sorting things out: Go 'big' or 'small' on climate solutions?**
43. **Summary of the UN International Panel on Climate Change [IPCC] Report.**
44. **The 15th United Nations Biodiversity Conference, Kunming, China**
45. **The biggest green hydrogen hub in the US could be coming soon to Mississippi**
46. **The Causes of Climate Change**
47. **The Commodity Futures Trade Commission Report on Climate Change Related Risks**
48. **The Great Ice Meltdown and Rising Seas: Lessons for Tomorrow**
49. **The Mind-Boggling History of City Recycling (500BC – Present)**
50. **TravelCenters of America to Add Hydrogen Fueling Sites for Big Rigs**
51. **Updated U.S. Climate Data Will Establish 'New Normal'**
